Surface Polish 400 ml

universal use | cleaning | care | protection | NSF approval

Surface Polish cleans, protects, and maintains various surfaces on campervans, motorhomes, and camping equipment in just one single step. Whether matt or polished surfaces, metal, plastic, wood, or glass - the polish easily removes dirt, while leaving a shiny, streak-free finish.

Thanks to its NSF registration for use in the food sector, the Surface Polish can be safely used as cleaning agent for gas grills, camping stoves, stovetops, sinks, refrigerators, and worktops.

In addition, the polish cleans and maintains windows, fittings, and many more, without dissolving plastic surfaces or rubber gaskets. The cleaner also gives camping furniture a long-lasting shine.

Whether in a caravan, mobile home, alcoves, semi-integrated or integrated motorhome, campervan, vintage van, tent, or log cabin - the effective 2-in-1 Surface Polish combining cleaning and care product is definitely a handy helper in camping.
