

Silicone Spray

Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

Safety and health

When using WEICON products, the physical, safety technical, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Available sizes:

72004400

Silicone Spray 400 ml

sliding and release agent

WEICON Silicone Spray is a sliding and lubricating agent as well as a protection and care product for all plastic and rubber parts used in camping.

The spray keeps gaskets smooth and protects against embrittlement, freezing, and sticking. Silicone Spray can be used to lubricate all kinds of rubber seals, hinges, and rails. Due to the sliding effect of the spray, channel rails on awnings or tent poles can be retracted fast and easily.

Areas of use

Plastic windows

Cassette toilet

Door seals

Window shades

Fly screens

Skylights

Zippers

Channel rails

The spray is suitable for indoor and outdoor use and temperature-resistant up to +250 °C.

Whether in a caravan, mobile home, alcoves, semi-integrated or integrated motorhome, campervan, vintage van, tent, or log cabin, the Silicone Spray is suitable for all kinds of camping.

Technical Data

Odour	solvent
Features	silicone oil basis
Colour	colourless
Temperature resistance	-50 to +250 °C

Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
