

Citrus Cleaner

Safety and health

When using WEICON products, the physical, safety technical, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Available sizes:

72001400

Citrus Cleaner 400 ml

cleaner and degreaser on the basis of citrus essences

WEICON Citrus Cleaner based on alcohol and citrus peel extracts cleans and supports the disinfection of various contact surfaces in camping life.

In the camping kitchen, for example, the powerful all-purpose cleaner ensures hygienically clean surfaces on stovetops*, camping stoves*, (gas) grills*, worktops, or tables.

However, the Citrus Cleaner can also be used for other frequently used contact surfaces in a caravan, motorhome and co. This includes handles on doors and cupboards, the steering wheel and gear stick inside the vehicle, locking nuts and lever clamps on awnings, outdoor equipment like camping chairs and tables, as well as all sorts of camping tools.

Whether in a caravan, mobile home, alcoves, semi-integrated or integrated motorhome, campervan, vintage van, tent, or log cabin - the Citrus Cleaner belongs in every camping kit.

Cleans a wide variety of materials, such as metals and plastics, glass, ceramic as well as painted and coated surfaces. For safety reasons, the material compatibility should first be checked on a non-visible area.

*Only apply cleaner when the device is cooled down.

Technical Data

Odour	citrus
Features	evaporates without residues
Silicone free	yes
Colour	colourless
AOX-free*	Yes

Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
