

# Care Spray PTFE

- prior to winter storage, apply the spray generously and do not wipe off

#### Storage

Pressurized container. Protect from direct sunlight and temperatures above +50°C.

#### Available sizes:

70250150 Care Spray PTFE 150 ml

#### Accessories:

15842001 Pump Dispenser,  
99950251 sprocket brush,  
99950252 sponge,  
99951100 microfiber cloth circular,

#### 4-in-1: cleaner, corrosion protection, lubricant and contact spray special PTFE formula weather-resistant

With this care product, you can clean your bike and bring back its former shine! The spray serves as cleaner, corrosion protection, lubricant, and contact spray, all rolled into one product, and thanks to its special PTFE formula, it maintains all surfaces on your bike (e.g. frame, spokes, mudguards) gently and reliably. At the same time, the care product leaves a shiny, weather-resistant, non-sticky protective coat. The spray is also suitable for lubricating mechanical components or for maintaining electrical contacts.

The perfect protection for your bike - even in winter!

The Care Spray PTFE is suitable for all types of bicycles: e-bike, mountain bike, gravel bike, racing bike, trekking bike, city bike, Dutch bike, folding bike, and many more.

Note: Do not use on brake discs/brake linings or on tyres!

#### Technical Data

Odour	vanilla
Features	with PTFE
Storage stability	24 months
Colour	yellowish
Kinematic viscosity (DIN 51562) at +40°C	21 mm <sup>2</sup> /s
Kinematic viscosity (DIN 51562) at +100°C	4 mm <sup>2</sup> /s
Temperature resistance	-50 to +210 °C

#### Surface pre-treatment

Pretreat surfaces with WEICON Bike Cleaner or WEICON Bike Drive Cleaner

#### Processing

- shake spray well before use and only apply to dry surfaces
- apply the spray evenly and polish with a soft cloth

#### Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
